June 2, 2023

Agenda – Class 13

Agenda:

1. Project
2. Project Team Meetings
3. Project Sprint I
4. Exit Quiz

Project

APPROVED

Your project is approved.

Teams will work on preparing a preliminary website for the client.

Use Trello to assign tasks and monitor progress.

Class 13 & 14 (June 2 & 5) – Website

2. Based on approval of the project, realize the first sprint to prepare a preliminary version of the website.
 - a) Validate the html and css.
 - b) Maintain a team repository for the project files.
 - c) Name the zip file of the website TeamXProject.zip
3. Update the Trello board as the project is progressing through the sprint. Capture images of the Trello board to use in the presentation. **Include the updated Trello board in the presentation.**

Class 15 (June 6) – Presentation

Project – Steps 2 and 3

Class 13 & 14 – Steps 2 & 3 Website – see Project details on Lea

2. Based on approval of the project, realize the first sprint to prepare a preliminary version of the website.
 - a) Validate the html and css.
 - b) Maintain a team repository for the project files.
 - c) Name the zip file of the website TeamXProject.zip
3. Update the Trello board as the project is progressing through the sprint. Capture images of the Trello board to use in the presentation. **Include the updated Trello board in the presentation.**
4. Prepare PowerPoint slides for the presentation of the project.
 - a) The presentation should not be more than fifteen minutes and should include images of the website, as well as images of the Trello board and Team repository. Each student on the project team must have an opportunity to present a component of the project.
 - b) Name the presentation slides TeamXPresentation.pptx

Deliverables:	Due:
1. Report containing:	June 1
a) User Requirements	
b) Sitemap	
c) Sprint 1	
d) Schedule and Cost	
2. Website (preliminary version)	June 6 at 10am
3. PowerPoint Presentation Slides	June 6 at 10am
4. Team Presentation	In class on Teams on June 6 at 11am

Project Sprint I

Project Meeting Rooms have been set up. Use these for your project meetings. All discussions and files are private to your team and the teacher.

Project – Team Meetings

9:15-9:30 – Daily Stand-up Meeting

Three questions:

- What did I work on yesterday?
- What am I working on today?
- What issues are blocking me?

Update Trello to monitor progress.

Be sure to check in with your team at the following time.

11:30-11:40 – Team 3 check-in

11:40-11:50 – Team 4 check-in

11:50-12:00 – Team 1 check-in

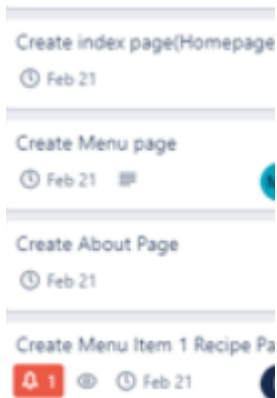

12:00-12:10 – Team 2 check-in

Project Sprint I

Reminder:

Have specific tasks on the Kanban board

Assign tasks to be worked on in parallel

Project Sprint I

Exercises by the WA5 Class

Neck

Shoulder

Remember to breathe throughout all stretches and movements. Try to perform these 1-2x a day at least.

```
<!doctype html>
<html lang="en">
<head>
  <meta charset="utf-8">
  <title>sb</title>
  <meta name="description" content="Home exercises">
  <meta name="keywords" content="exercise, stretches">
  <meta name="author" content="Author Name goes here">
  <link rel="stylesheet" type="text/css" href="mycss.css">
</head>
<body>
<header>
  <h1>Exercises by the WA5 Class</h1>
</header>
<nav>
<p><a href="#neck">Neck</a> | <a href="#shoulder">Shoulder</a></p>
</nav>
<aside>
<h2>Remember to breathe throughout all stretches
and movements. Try to perform these 1-2x a day at least.
</h2>
</aside>
<article>
<header>
```

Remember that you have some code already.

- Class Exercise 13 – Starter in the Files section of General on Team has a sample html, css, and image file.
- Each student has a Class Exercise 3 html and css file.

```
header h1 {
  font-size: 50px;
  text-align: center;
  font-family: georgia;
  color: #635249;
  background-color: rgba(170, 238, 158, 0.3);
  padding: 30px;
}

a {
  text-decoration: none;
}

nav {
  text-align: center;
}
```

Exit Quiz

Exit Quiz at 12:20 today
